CENTRAL COMMITTEE WILL NOT MEET ON SATURDAY

Mystery Surrounds Call for Meeting of Bourbons at County Seat on Next Saturday—H. Gordon Stevens Sends Out Notices Requesting That Meeting Be Called—Chairman Pettillon Is Ignored—Latter Sends Out Notices That no Matters of Importance Will Be Held as There Are no Matters of Importance Before Body of Democratic Leaders—It is said That Some One is After Pettillon's Scalp.

W. F. Pettillon, chairman of the County Democratic Central committee is up in arms against what he calls the presumptions action of several members of his party who are endeavoring to have a meeting of the committee assemble in the county seat next Saturday. The request for the meeting was sent out by H. G. Stevens and reads as follows:

Richmond, April 27, 1914.
Dear Sir:
Since the last meeting of the Democratic County Central Committee matters of grave importance to our party have arisen, and it is deemed advisable to call a meeting of the Committee to consider the same.

It is respectfully suggested that Saturday, the 9th day of May, 1914, be the date.

Enclosed you will find a letter addressed to Mr. James Hoey, your secretary, asking him to call the meeting; also a proxy if you find it impossible for you to be present. I have spoken to Mr. E. J. Randall, Martinez, Cal., and Mr. Lee D. Windrem, Richmond, Cal., in regard to the matter referred to, and either one of them would accept your proxy.

Yours truly,

H. G. STEVENS.

Mr. Pettillon handed a Record-Herald representative a copy of the following letter which he is sending out to predict leaders of his party and which is self-explanatory:

Dear Sirs:
A party named H. G. Stevens, not a member of our committee has been sending out letters to the members of the Democratic County Committee of Contra Costa county, requesting the members to send a call for a meeting of the committee

on May 9th, and these letters are to be sent to the Secretary, James Hoey, to call a meeting on the above date. The printed letter states that "matters of grave importance to our party have arisen since the last meeting of the committee."

Now, I, as Chairman of the County Committee, know of no grave matter of importance that has arisen that would warrant an outsider to send out letters to our committee, and can only see some scheme of tricksters who are behind this Stevens. He also asks you if you cannot be present to send your proxy, to E. J. Randall or Lee Windrem. It is the duty of the chairman only to notify the secretary if he deems it of importance to call a meeting. I have not been notified of this called meeting but received a letter from a member of our committee asking what it means. However, if such matters of importance have arisen every member should be present and not leave it to a few tricksters to control the meeting by proxy.

I intend to call a meeting of the committee at some date next month and these matters can wait until that time. Let me hear from you. Yours truly,

W. F. PETTILLON,
Chairman, County Committee.

Mr. and Mrs. Charles Blanchard, residing in the Santa Fe district, celebrated their thirty-third wedding anniversary Saturday evening. A party had been planned for the affair but owing to the illness of Mrs. Blanchard had to be postponed.

Two Youths Plead Guilty to Robbery

Joe Labrano and Oscar Jacobson the two youths charged with burglary by Rev. Wilson, after being apprehended for entering his pigeon pen on the night of April 26th, and stealing pigeons, rabbits and chickens to the amount of \$300, appeared before Police Judge Lindsay this morning and pleaded guilty to the charge and were bound over to the superior court on \$1000 bonds.

A pathetic scene at the courtroom this morning was when the magistrate, in a stern voice, asked the Jacobson boy, who is but 16 years of age, what prompted him to assist in performing such a rash act. The fellow hung his head and with tears streaming from his eyes, told in a choking voice, all the details that led up to the robbery of the pen and how at the last minute rather than be called a quitter by his partner, Joe, had accompanied him to Oakland where they were caught.

District Attorney McKenna, when seen yesterday afternoon in regard to the Jacobson boy's case, stated that he would do all in his power to give the little fellow another chance as he thought that the reform school treatment for a youth was fully another step downward in the life of crime.

Joe Brown Acquitted Of Dynamite Charge

SACRAMENTO, May 7.—At the request of Attorney J. J. Barrett, representing the Pacific Gas and Electric company, Joseph Brown, who was charged with having been concerned in transporting dynamite to Sacramento with Warren K. Billings last September, was yesterday discharged from custody by Police Judge Christiansen.

Attorney Barrett, after conferring with District Attorney Wachhorst, stated the insufficiency of evidence against Brown made a trial fruitless. District Attorney Wachhorst, through his assistant, J. Q. Brown, then asked for a dismissal of the charge against Brown.

Billings was recently sentenced to a term of two years in the Folsom penitentiary, after having been convicted of carrying a suitcase loaded with dynamite on a local street car.

Robert J. Mooney, who with Brown was arrested at Martinez for transporting explosives, is being held at the county jail pending an investigation of the charge made against him. Mooney was tried twice at Martinez on the charge made against him, and the jury disagreed in both cases. Both Mooney and Brown are alleged to be electricians, interested in the recent strike of the employees of the Pacific Gas and Electric company.

SANTA FE TO LAY HEAVIER TRAFFIC RAILS

A large crew of men are busily engaged in laying 90-pound rails to replace the former light rails on the Santa Fe's main line between this city and Pacheco.

The work of laying the new rails has been occasioned by the fact that the company has been put to considerable bother of late in making repairs to the old rails which were too light to stand the large amount of heavy hauling which is at present going over this division of the Ripley lines.

BLUE ROCK BUSTERS TO TANGLE SOON

A blue rock shoot that promises to be rather fiery will be held at the grounds of the Richmond Gun club on Sunday, May 17th, when the crack Martinez blue rock busters under the leadership of Captain Ormsby, will endeavor to snatch the laurels away from the team of which Chief of Police Arnold is at the head. On the coming Sunday afternoon Captain Arnold will have his entire team out for practice.

BABY WILL BE BURIED TOMORROW

The funeral of little Edna Sievers, the two-year-old daughter of Mr. and Mrs. Edward Sievers, who died yesterday at the family home, 1403 Chandler avenue, will be held from the Clark undertaking parlors tomorrow afternoon at 2 o'clock, interment to take place in Sunset View cemetery.

KEY ROUTE CARS TO OPERATE ON THIS DIVISION

With the opening of the double tracking in this city the Oakland Traction company is planning to operate a number of new cars on the Oakland-Richmond run which will be an entirely different type of car than those operating at the present time.

The new cars that will make their appearance on the streets of this city are of the same plan as those operated by the Key Route which will afford Richmond people better accommodations while traveling. The cars are capable of making 55 miles an hour so that a big cut is expected in the time between this city and Oakland.

PARTY HOME FROM 1400 MILE TRIP

With his automobile covered with dust, Frank Welch, assistant superintendent of streets, accompanied by his wife and sister, Mrs. G. Sharkey, of Plumas county, arrived in this city at a late hour today after completing a 1400-mile trip.

The party left this city two weeks ago, during which time they stopped at all the principal southern cities, going down by the valley route and returning by the ocean highway road.

Perhaps some men never give up hope, but on the other hand, some men are great bluffers.

Confidential: Reporters have to be enthusiastic about a lot of things that don't interest them.

UNMUZZLED DOGS WILL BE SHOT BY POLICE

Members of City Council, as a Committee of the Whole, Hold a Meeting at the City Hall Last Evening—After Much Discussion Solons Decide to Make Appointment of H. E. Wyatt as Sanitary Inspector Permanent—Has Been Acting Temporary Since Resignation of Frank Bailey—Police Notified to Enforce Provisions of Ordinance Regulating Weight of Loads—Other Matters Taken Up for Consideration.

The entire membership of the city council met as a committee of the whole in the city hall last evening and thrashed out many matters that will formally come before the board next Monday evening.

The appointment of H. E. Wyatt as sanitary inspector was discussed by the councilmen and it was agreed that on next Monday evening his appointment may be made permanent. D. A. Knowles is after the job and has many friends on the board, but Wyatt had the advantage of being on the job and he may continue to discharge the duties of the office which he has been filling temporarily since the resignation of Frank Bailey, the former incumbent, was accepted by the board.

The city ordinance which provides the amount of material that a vehicle can haul over the pavements of the city was taken up. It has been ascertained that some of the gravel trucks hauling material over the main thoroughfares of the city are carrying loads as heavy as 16,000 when the limit set by the law is 10,000 pounds. The police will be notified to see to it that the ordinance is obeyed. It seems that the overloaded trucks are playing havoc with the paved streets of the city and much complaint is being made about the flagrant violations of the law.

The dog muzzling ordinance was discussed by the councilmen present, the attention of the board having been called to the practice of Richmond dog owners allowing their pets

SANTA FE HAS A NEW FERRY BOAT

During the dry-docking of the Santa Fe ferry steamer San Pablo the Key Route ferry steamer, San Jose, has been put on the run between this city and San Francisco. The San Jose will alternate in the run to the city with the San Pedro, the Santa Fe's new steamer.

HIBERNIANS ARE GUEST AT BANQUET

A number of the members of the Ancient Order of Hibernians, from the west side were guests at a stag party held in Oakland last evening. A number of musical and vocal selections took up the early part of the evening at the close of which a banquet was served.

"Observations Which Ourselves We Make, We Grow More Partial, for the Observer's Sake."

THE COAL PROBLEM

The time is not distant when it is going to require the best statesmanship we have to solve the country's coal problem. The recurring coal strikes, attended so often by violence, are a nuisance and a menace to the consumers of the whole United States. Nearly every disturbance in the coal regions for twenty years past has resulted in bloodshed and substantial increase in the price of coal. The people are becoming tired of both the disorder and the extortion.

Anything that strikes at the supremacy of civil authority is perilous, and the spectacle of embattled miners and armed guards of the operators is entirely discreditable to us as a people.

Outside the issue of an open shop which young Mr. Rockefeller has raised, there has always been in coal strikes the question of humanity that has never died with the defeat of the strikers. The coal miners are the most miserable humans that exist on the face of the earth. The very nature of their work, which deprives them of light, comfort or happiness, is enough of itself to make men discontented. There are few criminals punished for the most heinous crimes who suffer the hardships that these freemen suffer in their struggle for bread. The three elements of the coal situation are the richly paid lords of this great natural resource, the miserably paid workers in the bowels of the earth and the countless millions of exploited humanity who consume the coal.

They say that capital and labor both suffer when strikes like the one now on in Colorado happen, but such is not the case. The miners suffer, of course, but the operators can easily cover their losses by raising prices, and this they have uniformly done, the consumer invariably paying the bill.

The country must have the coal. It is in the earth for the use and benefit of mankind. No man made it, and there ought to be some way to obtain it without these recurring periods of anarchy, bloodshed and misery, with attendant robbery of the public.

However it may violate our traditions the time is coming when the country is going to be face to face with the question of public ownership of the coal deposits. If private ownership cannot accomplish the task of providing fuel for the country, then no one need be surprised at the acquirement of such mines by the states or the federal government. We are not going to have peace in the coal regions until the miserable creatures who mine the coal are accorded some of the treatment to which human beings are supposed to be entitled, and there is not going to be contentment among people so long as they are robbed every winter by the demands of the operators, prominent among whom being young Mr. Rockefeller and the Colorado Fuel and Iron company, than whom no worse commercial freebooters and financial pirates ever demanded a pound of flesh from the general public.

Young Mr. Rockefeller may think he is standing out for a great principle, the same as did Baer, the famous Pennsylvania coal operator who claimed ownership by virtue of direct divine power from on high. Mr. Baer died about a week ago and may now investigate that divine power at leisure. These men are right from their standpoint, but altogether wrong from the standpoint not only of the mine slaves but of the people at large who ultimately foot all the bills. The men who mine the coal and the people who buy and burn it are not going to be subjected forever to the rapacious greed of the barons who sit in their mansions in New York City amid their ill-gotten gains and luxuries and oppress all humanity at will.

A new exchange has shown up, the *Gustine Merced County Standard*, by Charles A. Miller. We knew Miller in Mountain View, and he is a good man, backed up by a mighty smart woman as a better half. *Gustine*, judging from the paper, is a prosperous burg, but, also judging from the paper, it needs incorporating. Incorporation always inspires civic pride, wakes people up, puts ginger into them and is the advance agent of growth and prosperity.

With Fletcher there with his big fleet, - According to how we have it sized, Old Stinkero Huerta will have to dig, Or else be Fletcherized.

Huerta seems as loth to let go as a holdover Republican postmaster.

Possibly some husbands are enlisting for the Mexican war in order to find peace.

The obscuration of Harry Thaw is one of the silver linings to the war cloud.

Every time a big city gets grand operated upon about 50,000 bones are removed.

Is Roosevelt hurrying home to accept that New York governorship or to head it off?

The dispatches state that Miss Helen Densmore Huntington of New York has just quietly married \$100,000,000.

The army is now buying up Missouri mules. Should it need any political jackasses, California might offer a few cheap.

When congress gets down to anti-trust legislation the Colorado coal strike will furnish one rather good object lesson.

Poor Colorado! First a bloody coal strike and now an extra session of the legislature. Misfortunes never come singly.

Japan is making an appropriation of \$600,000 for an exhibit at our world's fair. This must nearly break Huerta's heart.

Villa characterizes Huerta as a drunken, one-eyed Indian. Just what Mr. Huerta's opinion is of Mr. Villa will be awaited with interest.

Cuba wants to join in the mediation proceedings. If Cuba has any wood that needs attention it had better keep right on sawing.

Upon mature deliberation we have decided that we would rather go to Mexico and get shot than be a city councilman, either in Richmond or anywhere else.

About the only thing that young Rockefeller seems willing to do for the striking coal miners is to pray for them. He is always long on praying—also praying.

An investigating committee says that inefficiency is the cause of the high cost of food. The cliche that the middlemandarins have on fixing prices indicates anything but that.

Having robbed the Populists of their platform, the Progressives are grabbing for that of the Prohibitionists. The Socialists had better put theirs under lock and key.

Oh, yes, while we think of it: While those A. B. C. mediators are about it they may as well arbitrate our quarrel with other scribes as to whether our hens sit or set.

One lady who read that Villa had ordered one of his soldiers shot for showing the white feather, remarked that while it was awful to be out of style, still she didn't think folks ought to be shot for it.

We are no Socialist, but if some day some sort of a statute is promulgated that will separate the Rockefeller tribe from about nine-tenths of its ill-gotten billions and gives it out as pensions to the poor and suffering of humanity, we are not going to lose any sleep worrying about it.

Dorothy Dix says men tire of their wives before the wives tire of them, and asks why. Maybe the newfangled slit skirts, foolish hats, slouchy walk and buying bakery bread and canned stuff instead of serving a meal that a Christian stomach can digest has something to do with it.

THE STORY OF CREATION AT THE VIM TENTS ARISE
FREE EXHIBITION OF WONDERFUL FILMS

ADAM AND EVE IN THE GARDEN OF EDEN
To be shown at the Vim theatre tomorrow afternoon and evening. No admission will be charged.

"It will waken the dead." So said one who witnessed the presentation of the photodrama of "Creation—Part I," to be shown in our city at the Vim theatre tomorrow afternoon and evening. The remark was meant to imply that the world is very dead toward faith in God, faith in the Bible, and respecting an intelligent hope for the future, for themselves or anybody. The import is that the photodrama of "Creation" is a live wire, which carries a vitalizing current to the hearts and heads of all who witness and hear its wonderful presentations.

Even a cooler, calmer view of the drama must be expressed in very strong terms of commendation. It surely is the only thing of its kind on earth. If it does not help to stem the current of doubt and unbelief that is now surging over the civilized world, we may be sure nothing else would. It is opportune, too. Never before have so many intelligent, thinking people been feeling more or less befogged, bewildered, stunned, as they endeavor to connect up the vicissitudes of the present life with the religious dogmas taught them in childhood. This drama strikes out on entirely new lines. It ignores all the creeds of the past, goes straight back to the words of Jesus and the apostles and prophets, and in this first part, at least, it harmonizes the Bible teachings with science and history.

We trust that all of the school men of this vicinity, as well as the preachers, Sunday school teachers, lawyers and other thinkers, will take in this drama. Surely, no one can see the first part without singing in his heart "Nearer, my God to Thee," and feeling that he knows more about the Creator than he ever did before, and that he approximately begins to know his maker as a wise, just, powerful and loving Being, whom he yearns to call "Our Father, which are in Heaven."

Next to the wonder one feels in respect to the beauty of the pictures and the masterful lectures, is his wonder that all this is free, provided at enormous expense by Christian Bible students, who do not even care to have their personal names known. Their motive is simply to do good, to provide a helping hand and guide for intelligent people, who have been losing their faith in the fog banks of superstition. The drama seems to be an answer to the prayer of Cardinal Newman, "Lead Kindly Light, amidst the encircling gloom."

Not only do we all want to see this drama, but we absolutely need to see it. No reader of this paper can afford to be without the blessing and enlightenment of the first part, whatever the others may be. Let not the announcements, "Seats free and no collection," lead us to suppose that this is some childish matter or something inferior. On the contrary, it is for the thinking man and woman. Many of its pictures are amongst the finest ever exhibited. We owe it to each other, according to the Golden Rule, to make widely known this most practical philanthropy that has ever come to our city.

Part one of the drama will be

shown on May 8th, 12th and 16th. On other days other portions of the drama of creation will be shown. The program will be announced daily in the Richmond papers.

TENTS ARISE
AT MARTINEZ
FOR THE VETS

MARTINEZ, May 7.—Tents were raised in the camp city being established at and near the baseball park to house the delegates of the United Spanish War Veterans during their meeting here commencing next Monday in state encampment.

E. C. Donaldson of Concord and a force of six aids began setting camp in the good old army style shortly after eight o'clock this morning and he expects that the task of raising seventy-five canvas apartments will be completed by tomorrow night.

A truck load of supplies consisting of headquarters tent, hospital and guard house arrived here today and will be set up tomorrow with the aid of the local volunteers.

The headquarters of the local encampment committee and the Martinez camp of the United Spanish War Veterans was formally opened at Martinez hotel today. These accommodations have been generously donated by Messrs. Hampton and Rankin the hotel managers who are always to the fore in anything that will help the town or assist the other fellow.

The ladies' auxiliary will play an important part in the reception of the ladies accompanying their lords to the encampment as well as those who come here as delegates to their order gathering.

Mrs. C. E. Donaldson and Miss Mariano Tierney started preparations yesterday to arrange for the reception of the delegates to the Ladies' Auxiliary. They will hold forth at the Martinez hotel during the encampment.

SANTA FE ENTERTAINMENT ON SATURDAY

The Illinois Valley Concert company will give a free entertainment at the Santa Fe reading room on Saturday evening, May 9th. The affair will consist of a combination of vocal and instrumental music of rare merit. Superintendent of Reading Rooms S. E. Buser has the following to say about the company which will appear here Saturday:

"I have saved this company to be the last from the east because it combines so many excellencies in vocal and instrumental culture that I feel confident it will be the best. The Law School Glee Club will be the last from the west for a similar reason. From Chicago the Comedietta Club with their marvelous acting will go down the main line and the Illinois Valley Company will go down the Belen Cut-Off. So with these readers, actresses and musicians, the last week of April and the first week of May will be resonant at the Reading Rooms and through the Santa Fe territory with the sweetest and best in personalities, renditions, dramatizations, and social amenities.

"If you look back over the season just closing, you will find that we have had great talent and our employees have enjoyed very rare privileges.

"May I ask every employee to render assistance to these young ladies who have such lofty conceptions of railroad people, and who are endeavoring to give you one evening you will never forget.

"Don't miss the Illinois Valley Concert Company."

EAT LESS MEAT IF BACK HURTS

Take a glass of Salts to flush kidneys if bladder bothers—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headache, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

"TIZ" GLADDENS SORE, TIRED FEET

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters and bunions.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort.

"TIZ" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a 25 cent box of "TIZ" now from any drugstore or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy.

Merchants Perform Unmerger Operation

The merchants' association is no longer part and parcel of the Sequoia Commercial club for last evening at a meeting held in the club rooms by the members of the business men's organization it was decided to withdraw from the social club and go it alone.

At the meeting last evening it was decided to change the name of the association to the Merchants' Exchange, and the regular meeting night will be the third Thursday of each month in its new quarters in city.

Much Dynamite Will Be Used For Blast

Fifteen thousand pounds of dynamite and black powder will make some blast when it is set off. This amount of explosives will be used to lift the hill blocking the municipal roadway at the western portal of the tunnel and will throw it into the Santa Fe lagoon. Yesterday work on the holes which will hold the powder was begun by the tunnel contractors.

THE S. P. TO MINIMIZE ACCIDENTS

In an effort to minimize accidents and deaths to trespassers and others on railroad property, and as another step in its "Safety First" campaign, the Southern Pacific company is posting in conspicuous places on its properties everywhere along the Pacific system large placards appealing for the assistance of the public. The cards read as follows:

"We solicit your co-operation in preventing death and injury to yourself, our patrons and the community at large. Stop to look and listen before passing over railway grade crossings. Refrain from and discourage trespassing upon railroad property. Be careful when waiting for trains or using the company's facilities.

"It is not safe to start over a railway crossing without first stopping to look and listen, to get on or off trains while in motion, to stand near edge of platform when trains are passing, to cross over ahead of an approaching train, or pass closely behind a train standing, to stand or walk upon tracks around stations elsewhere, to allow children to play around the station, tracks and cars.

Trespassers: In the United States, nearly 54 per cent of all persons losing their lives on railway premises are trespassers. If record of recent years maintains, fourteen people were so killed yesterday and fourteen tomorrow. Think of that—nor are they all tramps.

WILL OPEN BIDS FOR STATE HIGHWAY

The California Highway Commission will open bids on May 25 for construction of concrete sections of the state highway in the following counties:

Tehama county, 13.7 miles from Red Bluff to the Shasta county line; Solano county, 9 miles north from Benicia, and 8.8 miles between Fairfield and Vacaville; Colusa county, 10.8 miles between Hershey and Berlin; Santa Clara county, 6 miles between Gilroy and Sargent; Tulare county, 4.3 miles between Tulare and Taqas siding; Kern county, 13 miles south from Bakersfield; Los Angeles county from Liebre mountain to the northerly boundary of the county, 12.7 miles.

Included in these bids are 25 miles of the state highway link between Southern California and the great valley and 42 miles on the through route between San Francisco bay cities and Oregon.

In addition bids for grading and part surfacing with gravel will be asked for 6 miles in Marin county between Sausalito and Larkspur, and for grading 7.3 miles in Humboldt county from Dyerfield to Shively.

NEW BOWLING CLUB ORGANIZED LAST WEEK

At a special meeting held last evening a number of pin smashers met and organized the Richmond Bowling Club which stands ready with an open challenge ready to meet any other bay city club.

W. A. Gamble, of the realty firm of Richards & Stringer, was elected temporary chairman while W. H. Kimball was elected secretary and treasurer. J. Keville, superintendent of the Pullman Car shops, was elected captain.

HAYWARDS MAY GET A MODERN POTTERY PLANT

HAYWARDS, May 7.—A Mr. McQuiddy of Richmond addressed the body in relation to locating a pottery plant here that will have a weekly payroll of about \$3,000. The gentlemen stated that the plan is to sell about \$30,000 to \$35,000 worth of stock to Hayward people and then get a three-acre site on the railroad and get busy. The gentlemen were referred to the head of the Excavator Company which plant is lying idle at the S. P. station. The gentleman says his people have a secret formula that will be a great money maker—claiming that pottery plants are big money makers and never fail to find ready market. Richmond has two factories running at the present time.

Electric Washing Machines More Than Save Their Cost

Electric Washing Machines are not toys—they are built for service and cost a reasonable amount.

The cost of electric current for operation is light—about 2 cents an hour.

The cost of the machine is soon paid for by the saving in laundress' expense, in the shortened time of doing the work, and in removing the task from drudgery.

With these machines many laundresses can do a heavy washing and ironing (with Electric Irons)—the same day.

CONTRA COSTA COUNTY NEWS

CROCKETT

This scribe attended a meeting of a few live business men at Crockett last Friday night and got acquainted with quite a number of the citizens there. The meeting was not large, as there were various other attractions going on and especially the committees for the big May Day celebration were at work on details, but those who were present were interested in an endeavor to check up the improvement association and make a fresh attempt to accomplish something of moment for their community. A committee is to be selected and steps taken for publicity work and for a proper display at the Contra Costa county exhibit now being put in at San Francisco for permanent advertising purposes. Manager Rolph of the big sugar works will furnish an adequate display for the refinery, with samples of the products, pictures, signs, etc., which will speak loud for the handsome little city on the hills bordering the Carquinez straits.

We had the pleasure of a visit at the home of Editor Laidlaw of the Signal and partook of the hospitality of his charming better half, at as fine a fish dinner as mortal man ever enjoyed. Editor Ben Stevenson of the Signal, a high school professor whose name has escaped us, and Mr. J. B. Wilson, of the Contra Costa, were also present at the dinner, so we had a jolly party and made sad inroads on Mrs. Laidlaw's big store of good things—you just ought to have seen those nice hot biscuits fly!

Crockett's May Day celebration and the dedication of the new children's playgrounds in which everybody has contributed and taken

much interest, was a great success and no small affair. All kinds of amusements were afforded and old and young folks joined in having a good time. The unveiling of a monster electric letter "R" came as a surprise to Manager Rolph of the sugar refinery, who has done so much toward the playground, and for everything else in Crockett, and was a fitting tribute to a good man and the big institution of which he is the local head.

The Citizens' Improvement Association will now get busy and let the outside world know something about Crockett. Mr. A. A. Paul, the leading druggist of the town and a prominent man there, is president of the association and Mr. J. N. Martin is treasurer. Mr. Martin is one of the big merchants there, in the drygoods and furnishing line, and having been a resident of Crockett for twenty years naturally has a pride in it and wants to see things doing. We will have personal mention to make of all the live ones there later on.

MARTINEZ

Martinez is all agog just now over the coming big celebration of the Spanish War Veterans to be held there next week, and it is to be the biggest thing of the kind ever given in Contra Costa county. Crockett is taking a lively interest in the show, and will render aid. In speaking of it the Crockett Signal says:

"Martinez is making elaborate preparations for the entertainment of the Spanish War Veterans in the county seat May 11-14. The city will be decorated with the National colors during the conclave and the streets will be brilliantly lighted. Prizes will be awarded for the best decorated stores and dwellings. L. Samuel, manager of the Davis Bros. furniture stores of Crockett and Martinez will superintend the decorations and will soon have dozens of aides at work. Manager Geo. M. Rolph, of the California and Hawaiian Sugar Refining Company at Crockett, has graciously granted the Martinez people the use of all of the electrical decorations which will be used in this city during the big May Day fete on May 2nd, and these will be shipped to the county seat after the festivities here.

Hundreds of visitors will be in Martinez for the annual meeting of the Spanish War Veterans and the three days' program embraces many novel features, one of which will be an excursion to this city and an inspection of the huge refinery of the C. and H. Company. Manager Rolph has extended the Veterans an invitation and they have accepted his hospitality.

PITTSBURG

The Pittsburg Post says: "There is nothing nearer than Mexico to grumble about, and that is useless." Well, then, dodgast ye, you quit grumbling about our beautiful Byronic poetry!

There was the biggest kind of a swell card party held a few evenings ago, at which all the good players and bong tong, whatever that is, attended. Also the elite and the eclat. Joe Tracey held four or five aces, most of 'em up his sleeve.

The only troubles Pittsburg has had lately was a big dredger was burned at a ranch up the waterfront somewhere, at considerable of a loss, and somebody broke into a saloon one night and stole \$30 and

a jug of prime red liquor. If the thief will return the latter no demand will be made for the money. Speaking of the new buildings going up, and other improvements, the Post says:

"The new postoffice block on Railroad avenue is nearing completion and the tenants for the spacious store rooms have commenced arranging their wares for formal openings."

"Architectural plans have been accepted for a two-story brick building to be erected by S. Carusa at the northwest corner of Fourth street and Railroad avenue and it is announced that construction work will be commenced within the next two months. The new building will cover a ground space of 40x110 feet, adjoining the James Fitzgerald building. The second story will be designed for residence apartments and the first floor is to be a large store room.

ANTIOCH

The whole country around Antioch is bursting with the biggest crops ever, and times are going to be mighty good for the husbandman around that section of the county this fall. The country is settling up fast and many new orchards have been planted, especially in nuts, for which that neighborhood is famous.

The canneries have done an immense business this season, and made Antioch famous for asparagus, of which train loads were shipped all over the United States. The big paper mills and other local industries are also increasing force and running fullhanded and to capacity.

They had a bad fire up there a few days ago, and speaking of it the Ledger says:

"A floor well sprinkled with disillate and a lighted match is said to be the combination which started a fire at the Rapid Transit Company's wharf Wednesday forenoon that for a time threatened to sweep a portion of the business section of Antioch. However, a quick response and heroic work by the fire department, aided by other citizens, subdued the flames after a hard fight. Also while the wind blew a regular gale, it was directly from the north, which was most fortunate. Had it been from the northwest it is likely the entire business section would now be in ashes."

BYRON

A big delta road project is about to be consummated which will effect Byron materially and work for the interest of the whole Byron-Brentwood country. In summing up the matter the Times says:

"The opening of this Delta road from Stockton to the Byron-Brentwood country will work marvelous changes to all sections. Within a short time thousands of fertile acres of the Balfour-Guthrie lands at Brentwood will be placed on the market, all under a magnificent irrigation system. The opening of the Delta road, which is predicted for next February, cuts off about fourteen miles from Oakland to Stockton. Thousands of tourists and investors will thus be attracted into these sections and Stockton. Quick development will naturally follow, and the lands in the Brentwood country will be sold off rapidly, to the benefit of all concerned. The Delta sections will take on renewed activity and many new enterprises will result. White families will be encouraged to settle in the Delta, for the highway and bridges will offer school accommodations to their children. These are now denied them, and quite naturally a desirable class of people have been deprived of opportunities in the so-called island country. The Delta road will change these conditions, and new homes and schools will spring up. It is cause for rejoicing any way you look at it—and the pity of it is that it could not have come years ago. An electric road is certain to follow in the near future. The combination electric bridges will hasten its coming."

CONCORD

(From the Transcript)
On July 4, 1914, all roads will lead to Concord, the slogan of the day will be "On to Concord." For it has been decreed that the scream of the eagle shall be so loud in this town on the next birthday of the nation that it will be heard in all directions and the people from everywhere else will flock this way to see what's doing and have a good time. It will be a genuine old-time celebration, one that will embody all the features that will enhance patriotism and drive care and trouble off the earth for the time being. There will be a parade, literary exercises, sports, dancing, fireworks, etc. The Oakland-Antioch railroad will run

special excursion trains from everywhere.

WALNUT CREEK

(From the Courier)

Walnut Creek has passed the stage when the citizens are satisfied that it be merely a country crossroads. The time has come when a town is necessary. The growth of sentiment in favor of this move is increasing daily. The slightly increased taxes which will be incurred by incorporation will be more than offset by the increased value of property and the main advantages that incorporation alone can give. Walnut Creek must prepare for the influx of newcomers which will take place in 1915 and after. Walnut Creek is going to grow and the citizens realize that the time is ripe for the incorporation of the town as a city of the sixth class. During the past year Walnut Creek has grown considerably and in order to keep pace with this growth it is necessary to have an organized government, in other words, "Home Rule."

JUSTICES COURTS STILL EXIST

According to a decision handed down by Attorney General Webb, the Justice courts were not abolished by the last act of the Legislature and consequently the township officers will have to make their battle the same as before.

A constitutional amendment was adopted in 1911, which omitted the words "Justice Courts" from the list of courts in this state, and inserted the words "inferior courts." The attorney general states that the supreme court has held that justice courts are inferior ones and has advised candidates to get out and hustle.

CALIFORNIA BUSINESS MAN GETS QUICK RELIEF FROM STOMACH ILLS

R. W. Gray of Los Angeles Gives May's Wonderful Stomach Remedy Good Health

R. W. Gray, a business man of Los Angeles and proprietor of a furniture establishment at 5378 Moneta Avenue, was for a long time a victim of stomach disorders. Mrs. Gray was similarly troubled.

They took May's Wonderful Stomach Remedy. Then Mr. Gray wrote: "My wife and I have both taken May's Wonderful Stomach Remedy and both are well now. Your medicine is fine, and we have some yet in the house. If I should get sick I would sure send for more."

Such letters from happy users of this remedy come from all parts of the country. May's Wonderful Stomach Remedy is known everywhere. The first dose convinces

no long treatment. May's Wonderful Stomach Remedy clears the digestive tract of mucus, acid secretions and poisonous matter. It brings quick relief to sufferers from ailments of the stomach, liver and bowels. Many declare it has saved them from dangerous operations; many are sure it has saved their lives.

Because of the remarkable success of this remedy there are many imitations, so be cautious. Be sure it's MAY'S. Go to Richmond pharmacists and ask about the wonderful results it has been accomplishing—or send to Geo. H. May, Mfg. Chemist, 154-156 Whiting St., Chicago, Ill., for free book on stomach ailments and many grateful letters from people who have been restored. Any druggist can tell you its wonderful effects. Adv.

SENATOR OWENS AND FERRY HAVE COME TO LIFE

(Martinez Standard)

Tracers sent out in search of the tri-counties ferry committee have been successful and State Senator J. C. Owens, chairman of the committee, has reported for duty. The legislator was exceedingly busy for a month or two over a recall campaign which threatened his position, but he is now rehabilitated and is ready for all kinds of boost activities. In his reply Senator Owens said:

"I beg to acknowledge receipt of your esteemed favor of the 28th ult. notifying me that detective forces around the bay are still on my trail in hopes of discovering one lost, strayed or stolen tri-counties ferry committee, its boats and equipment, supposed to be concealed about my person, and I herewith officially notify you that I have decided to fire the required salute of twenty-one guns, surrender, or do anything else your estimable boost body, the detectives or anybody else interested in the said ferry ask or require."

"Now, however, that the peace envoys and plenipotentiaries of the people have prevailed by a majority of nearly 1800 votes, I can turn my attention to more important matters and again enlist in the ranks of your good army of something else than malcontents and therefore offer my services as humble private in the ranks or anywhere else I can help to work and produce results. I had to keep the ferry boats, having to blockade a lot of ports on the Marin and Contra Costa shores, but you can have them now and welcome."

EVERYTHING THAT IS CLAIMED FOR IT

FILLED FROM COVER TO COVER
WITH ALL THE RECOGNIZED
OLD FAVORITES

What old song do you want? What is the old tune that has been ringing on your ears so long? What are the words of that old favorite?

Well, here it is, with words and music complete. Not only one, but all the old favorites, bound together in large, readable type; the music so clear and large that it can be easily read from a distance where several persons are standing around the accompanist; and every song in this collection is a recognized popular melody. In this book there are no one-line chanteys; no ancient roundelays; no excerpts from worn-out musical comedies; no trash or "fill-ins," but every song of love and home; every sentimental and college song that you love; every patriotic and sacred song that is dear to your memory; and all the old masterpieces from the grand opera. Nothing more could be desired.

GIRL IS SAVED FROM HORRIBLE DEATH YESTERDAY

Had it not been for the prompt action of Roy Gilmore, residing at 534 Ohio street, and James Rutherford, in pulling pretty Miss Clara Cottenger from a mud hole on Cutting boulevard yesterday afternoon it is probable that the girl might have met her death.

Miss Cottenger, with a girl friend, whose name could not be learned, was strolling along the boulevard when she suddenly sank up to her shoulders in mud. After several attempts to extricate Miss Cottenger her friend sought the assistance of Rutherford and Gilmore.

PROGRAM OF MERIT AT THE RICHMOND

A program of merit both in vaudeville and motion pictures is displayed at the Richmond theater tonight. Donald Gannison, California's sweetest baritone singer, is one of the acts on the bill featuring his own songs.

Lillian Taylor, a novelty lady banjoist displays her talent in a wonderful manner all the way from grand opera to ragtime.

Ray & Henry offer a screaming comedy entitled "The Hebrew and the Soubrette." These fun-making comedians will take the house by storm.

The silent dramas are of marked distinction. "The Price of Vanity," is a two-part subject presented by the Vitagraph company. The theme of the plot illustrates the folly of a vain wife, who in her extravagances involves her husband in financial difficulties. She pays dearly for it in the finale. A fine picture well acted and mounted in every way. The lighting of the scenes could not be better.

Selig offers "The Better Way," a feature in two reels. A pleasant tale with true reformation in it. A strongly melodramatic presentation with superior photography and acting.

"Just a Note" is a Lubin comedy. This note causes a lot of trouble for several individuals, both white and colored, also several funny and complicated situations.

"She Wanted a Count" is another comedy sharing the above reel. It is quite amusing and interesting. It goes with a snap and brings forth hearty laughs.

MENDELSSOHN CLUB HOLDS A PICNIC

The members of the Mendelssohn club enjoyed a very delightful picnic this afternoon at Piedmont park. The members left this city in a body, going direct by car to Piedmont, where they were met by delegates from several other Berkeley and Oakland clubs. A short program took up the early part of the afternoon at the conclusion of which a dainty luncheon was enjoyed.

MATRON TENDERED SURPRISE PARTY

Mrs. Mary Elmhart residing at 637 Eighteenth street, was tendered a birthday surprise party last evening by a number of her friends. Those present at the affair were Mrs. Amelia Schwartz, Mrs. Udne Hanson, Mrs. Mary Tavalero, Mrs. Voss, Mrs. M. Rendel, Mrs. Katy Imbach, Mrs. M. Weingarten and Mrs. Julia Lier.

CHAT AND DOPE BASEBALL

The moth-eaten, ridd besprinkled baseball togs that once bedecked the little bodies of the Richmond players have been relegated to the scrap heap and in their place will step the Richmond team fresh and shining with a new purple and white uniform that once did honor to the baseball team of the Richmond Elks.

The deal whereby the Richmond team came into its glory of securing such pretty suits was closed yesterday afternoon by Manager Billiken, Luce and Howard French. Although the suits bear the cognomen of the Richmond Bills on their breastplates the team will still cling to its original Smoky City name in the league.

When the nine (heroes) (taken without malice from Homer's Odyssey) trot out to the ball grounds against the crack navy yard squad from Vallejo on Sunday afternoon we expect to witness a battle royal. The Navy Yidders with all guns manned, ready for action, will invade this city at 12:30 o'clock at which time they will be met at the Southern Pacific depot with a brass band and several automobiles which will parade them about the various business streets of this city prior to dumping them off at the ball grounds where they will be lined up and shot at 2:30 o'clock by Captain Killenquik Burns. Captain Burns together with his eight musketeers have been loading up their blunderbusses all week long with rapid fire inshoots, long distance shells and hot shrapnel for the infield which they intend to let loose at the appointed time upon the unsuspecting gunners from the Drydock City. Here is the list of fear nots who will allow themselves to be targets for the local firing squad:

Horan, third; Carrigan, shortstop; Roxstraw, catcher; O'Neil, center field; P. O'Hara, left field; Ward, first base; Carrols, second base; Bones, right field; Blanco and Lundberg, pitchers.

MOONEY TAKEN TO THE STATE CAPITAL TUESDAY

MARTINEZ, May 7.—Thomas J. Mooney, who has not yet been adjudged innocent or guilty of carrying high explosives as far as Contra Costa county is concerned, two juries having disagreed after experts had testified that the fulminate of mercury caps are the highest of commercial explosives, has departed from this county, whether to stay or only for a temporary sojourn is a question.

Former chief of police William Ahern, head of the detective bureau in Sacramento, arrived in Martinez Wednesday morning and left on the 1:30 boat for Benicia where he boarded a train for the capital with Mooney and Joe Brown, his prisoners. Mrs. Mooney accompanying the trio. Mooney is charged in Sacramento with carrying explosives on a street car and his bail there is fixed at \$5,000. It is reported that the charge will be prosecuted vigorously in the capital city, although it is doubtful if Brown will be tried on the same charge as Mooney.

It sometimes seems, also that there is no such word as sense in the bright lexicon of youth.

On the other hand a lot of girls go to the big cities with the view of being "tured away."

OLD GLORY IS HOPE OF MANY MEXICANS

CITY OF MEXICO, May 7.—Hundreds of the better class of Mexicans, mostly business men and their families, are making hurried preparations to leave for Vera Cruz, where they anticipate placing themselves under the protection of General Funston and the American flag.

Many already have left for the coast city, fearing that to remain until the coming of Villa and Zapata means sacrificing their lives and confiscation of their property.

Two Reported Killed
VERA CRUZ, May 7.—An unconfirmed report of the killing of Messrs. Williams and White, Americans employed at the big American mining property of El Favor Mining company at Hastatipaquillo, in the state of Jalisco, was brought here tonight by American refugees from Mexico City. No details were obtainable of the affair, but the refugees declared the men were not the victims of an American demonstration.

Sir Lionel Carden, the British minister, has been tireless in attending to the interests of Americans and has been of great assistance to those leaving, according to the railroad officials.

Treat Americans Kindly
Refugees who came in today expressed their conviction that special efforts were being made by Mexican officials and army officers along the route from the capital to treat them in a kindly manner. Americans to the number of 2000 or 2500 will still be left in the capital after the exodus of the 600 expected to depart tonight for Puerto Mexico.

So far as is known no Americans in Mexico city has been killed or even injured.

SANTA FE HEADS VISITING HERE

I. L. Hubbard, general superintendent of the Los Angeles division of the Santa Fe company, together with J. W. Walker, superintendent of the coast division, arrived in Richmond yesterday afternoon. The two Santa Fe officials are here for the purpose of looking over the local shops where extensive improvements are to be made shortly.
